4. Reports of Councillors and Clerk

Cllr. Keegan

- a. *A canvas sheet tied to four poles at MCC had come loose and had frightened a resident's horse. Clerk had checked this and it was now secure.*
- b. *Cllr Keegan again raised the issue of Sealant being applied to the bandstand. Cllr. Rawlins said that this would be done as soon as the weather improved to prevent any damage to the village green.*
- c. *A resident has applied for a disabled spot outside her house as she can no longer walk the distance to her garage. All cllrs. were in favour of supporting this application and would write to this effect if necessary.*
- d. *The benches in the Village Green were in a poor condition on the concrete slab. Cllr. Everill proposed to donate 3 metal constructed benches and remove all the old ones to be broken up. All Cllrs. agreed unanimously to this generous offer.*
- e. *Commented on how good the new sign looked. The area requires strimming of weeds (Cllr P. Rawlins offered to get this done) and planting of wild flowers, the latter to be done with plugs in September for next year.*

Cllr. Smith

- a. *No entry signs at the end of Church Lane have fallen down needs reporting.*
- b. *Cllr. Smith also made the observation that the VG was full of dandelions, it was noted that there was a particular increase to many green spaces this year.*

Cllr. Rawlins

- a. *Cllr Rawlins noted that it was very confusing to have signs saying closed except for access as no one knows how far up access was available. In the instance at the bottom of Church Lane, access was only to park farm.*

Cllr. Rotherham

- a. *Cllr. Rotherham had received a complaint that Church Lane had been closed without proper notification and that a parishioner had spoken to WCC who were unaware of the Closure. The Clerk explained that WCC were aware of the closure however Highways staff are not always aware in every instance. HS2 had requested the closure to repair to water pipes and to accurately record the exact location, depth etc. of the high pressure gas main. South Staffs Water had leafleted some residents and informed the Clerk a few days before of the closure, but HS2 had not made any public announcements in the press or otherwise. While the closure is inconvenient it was done according to the legal process and there is nothing MPC can do other than attempt to get a better response in terms of early warning from HS2. GK to take up with HS2 for improved notification*
- b. *Cllr. Rotherham asked what the cost for the election was and why if we did we did not*

have an election did we have to pay any monies. Clerk explained that a cost of around £300 would be levied by NWBC to cover basic costs such as nomination papers etc. Had an election taken place then this figure would have risen accordingly.

Cllr. Everill

- a. Middleton Hall route to Water park blocked with a new gate Clerk to investigate the legalities.*
- b. Cllr. Everill raise the issue of traffic calming signs that he had read about. Two types were in production - battery operated and solar - with a large difference in price. It was agreed that this should be looked into further as a way of reducing speeding through the village.*
- c. Cllr. Everill also had looked at flower tubs made out of reconstructed plastic. The Clerk said he had seen some plastic antiqued half barrels at a very reasonable cost so proposed purchasing one and to consult with our horticulturist on their suitability.*

16. Middleton Recreation Room

12. Planning Matters

PAP/2018/0022 Woodacres off Coppice lane Middleton – demolition and rebuild

PAP/2019/0239 02/05/2019 Ash End Farm Middleton – alterations to existing buildings
